**CCA Poetry Recitation | August 22, 2025**

Dominic Savio Kindergarten conducted a Co-Curricular Activity (CCA) on the theme “Patriotism” on Friday, 22nd August 2025, during school hours in the respective classrooms. The event was planned with the aim of nurturing national pride, confidence, and expressive skills among our young learners. Co-curricular activities form an essential part of kindergarten learning, as they help children develop communication skills, stage presence, and self-expression in a joyful and meaningful manner.

The activity chosen for this occasion was Poetry Recitation, where children were encouraged to present patriotic poems in any Indian language of their choice. This not only gave them the freedom to express their feelings of love for the nation in their mother tongue but also fostered respect for India’s linguistic and cultural diversity. The children prepared with enthusiasm and presented their poems with great zeal.

On the day of the event, the classrooms were filled with an atmosphere of patriotic fervour. The little ones came forward eagerly, reciting poems that reflected values of bravery, unity, and love for the country. Nursery children charmed everyone with their sweet voices and innocent expressions, while Junior KG children showed growing confidence and creativity in their presentation. The Senior KG children, with their longer recitations, displayed remarkable stage presence and expressive delivery, truly embodying the spirit of patriotism.

The event was graced by the presence of Father Shekar Mariadas, Vice Principal and Administrator, whose support, encouragement, and guidance greatly enriched the learning experience.

The activity was not just a platform for showcasing talent, but also a meaningful learning experience. It helped the children overcome stage fear, enhanced their memory, improved their diction, and encouraged them to use expressions effectively. More importantly, it sowed the seeds of national pride at a young age, teaching them to value their heritage and country.

The event concluded on a positive note, with teachers appreciating the efforts of every child and encouraging them to continue exploring self-expression through poetry. Overall, the CCA was a resounding success, fulfilling its objective of instilling patriotic values while nurturing communication skills and confidence among our kindergarten students.
