## **REPORT - YELLOW DAY**

**By: Tr. Shazma Wagle**

### **Yellow Day Radiates Warmth and Cheer at Dominic Savio Kindergarten, Nerul**

Dominic Savio Kindergarten, Nerul, celebrated Yellow Day with the Nursery section on Friday, 10th October, 2025. The event aimed to introduce children to the colour yellow and foster joyful learning through hands-on activities and sensory exploration.

Children came dressed in bright shades of yellow, filling the classrooms with sunshine and smiles. The learning spaces were adorned with yellow-themed decorations, including cheerful sunflowers, smiley faces, and different yellow cut-outs, creating a lively and inviting environment.

Children engaged in a bubble wrap painting activity using yellow paint, which allowed them to explore the texture and colour painting. They also brought yellow-coloured objects from home ranging from bananas and soft toys to accessories which they proudly displayed during a show and tell session.

Teachers facilitated conversations around the colour yellow, encouraging children to express what the colour reminded them of—be it the sun, mangoes, or their favourite toys. This activity supported vocabulary development and boosted their confidence in speaking before peers.

The celebration emphasized experiential learning, allowing children to see, touch, and talk about the colour yellow in various forms. Such events play a vital role in early childhood education by integrating observation, creativity, and communication into the curriculum.

Yellow Day at Dominic Savio Kindergarten was a delightful blend of fun and learning, leaving a lasting impression on the young minds and reinforcing the importance of colours in their everyday world.
