

DOMINIC SAVIO KINDERGARTEN, NERUL

REPORT – PICNIC

By: Tr. Priya Pereira

The Dominic Savio Kindergarten Foundational Stage 1 picnic was held on December 12, 2025, and marked a pleasant and well-organised outing for the kindergarten children. Before the children set out for the picnic, Rector Father Dr Barnabe Dsouza and Vice Principal and Administrator Father Shekar visited each kindergarten classroom and conveyed their good wishes to the students. Their interaction encouraged the children and set a positive tone for the day.

The Nursery children visited Bachha Party, a play zone designed specifically for young children. The venue offered soft-play areas, tunnels, colourful ball pits, and mini rides that allowed the children to explore freely in a safe environment. The children engaged actively in play, interacted with their peers, and participated in age-appropriate activities under the careful supervision of teachers and staff.

The Junior Kindergarten children proceeded to Fun and Play, Ghatkopar, an indoor activity centre equipped with a variety of play and adventure zones. The children explored climbing structures, role-play corners, and interactive stations. They participated enthusiastically in the activities, demonstrating energy, coordination, and cooperation while engaging with their classmates.

The Senior Kindergarten children visited Fun and Play, Kurla, a venue offering play structures suited to their age group. The children made use of the trampoline area, obstacle courses, and imaginative play sections. They moved confidently through the activities, supporting and encouraging one another. Teachers observed good discipline, cooperation, and active participation among the students throughout the visit.

At all three venues, arrangements were made for refreshments, music, and organised games. Teachers ensured that safety and comfort were maintained at all times, contributing to the smooth conduct of the picnic. The children remained cheerful and engaged, making the outing an enjoyable experience for everyone involved.

The picnic concluded with the children returning to school in the afternoon. The outing provided opportunities for recreation, social interaction, and experiential learning. It proved to be a meaningful and enjoyable experience for the children of Dominic Savio Kindergarten Foundational Stage 1.
