

DOMINIC SAVIO KINDERGARTEN, NERUL

REPORT – JR.KG FIELD TRIP

By: Tr. Sumaiya Shaikh

Jr. KG Students Explore Local Landmarks Through an Educational Field Trip

The Junior KG students participated in an educational field trip around the school neighbourhood to observe important community landmarks and learn about their surroundings through direct experience. Foundational Stage 1 Supervisor, Mahek Ma'am, addressed the students, encouraged them to enjoy the learning experience, and wished them a pleasant trip. The group departed from the school at 9:30 a.m.

The excursion began with a visit to the Jewel of Navi Mumbai, where the children observed the scenic surroundings and discussed the importance of public spaces. The group then proceeded to Flamingo Point, where the students were introduced to the habitat of flamingos and other birds found in the area. Teachers encouraged the children to observe nature and appreciate the local biodiversity.

The field trip continued to Seawoods Mall and D-Mart, where students were introduced to different types of shops and services available in the community.

Throughout the excursion, teachers guided the students in identifying important community places and understanding their functions. The activity provided opportunities for observation, conversation, and experiential learning outside the classroom.

The students returned to school after completing the circuit. The field trip helped strengthen their awareness of the local community while making learning enjoyable and meaningful.
