CIRCULAR TO PARENTS

26th October 2026

Subject: Reminder – Precautionary Measures During Ongoing Scaffolding and Repair Work

Dear Parents,

This is a gentle reminder regarding the ongoing scaffolding work and the breaking and removal of damaged sections on the school premises. The work is being carried out after school hours on weekdays and throughout the day on weekends to minimise disruption to regular academic activities.

In view of the ongoing work, we request all students and parents to exercise **extra caution, particularly during the arrival, dispersal, breaks, PE and activities**, to avoid any unforeseen incidents or mishaps.

You are requested to kindly ensure the following:

1. Students are guided to move carefully and follow the instructions given by school staff and security personnel during dispersal.
2. Parents and guardians avoid entering or gathering near the areas where scaffolding, repair or removal work is in progress.
3. Students do not loiter near the work areas or touch any construction materials, scaffolding or debris.
4. Parents collecting their wards ensure that they do so promptly and follow the designated movement and dispersal arrangements.
5. All instructions issued by the school staff and security personnel are followed strictly in the interest of the safety of students and all concerned.

We seek your continued cooperation and understanding during this period. While every effort is being made to ensure the safety of everyone on the premises, your vigilance and cooperation, especially during dispersal, are essential to prevent any unforeseen mishaps.

Yours sincerely,

Kalyani Chaudhary
Principal
26/10/26
