As part of the festive celebrations, a vibrant **Raas Garba** programme was organised for the students of **Classes I to V** of Don Bosco Senior Secondary School, Nerul, on **16th October 2026** at **12:00 noon**. To ensure that every child could participate comfortably and joyfully, the celebration was held at two venues: **Classes I and II** in the **Multi-Purpose Hall (MPH)** and **Classes III to V** in the **Ground Floor Assembly Hall**.

The halls were filled with colour, music and festive spirit as the students came dressed in traditional attire. The programme began with a warm welcome, after which the children eagerly joined the Raas and Garba, moving in circles to the lively rhythm of traditional Garba music.

The younger students of Classes I and II danced with great excitement and innocence, enjoying every step with their teachers guiding them. The students of Classes III to V performed the Garba steps with greater coordination, rhythm and confidence, showing the enthusiasm and practice they had put in.

The celebration gave the students a joyful experience of **Indian culture and tradition**. It promoted values of **unity, cooperation, discipline and team spirit**, as children of different classes danced together in harmony and respected each other's space and rhythm.

The programme was successfully conducted with the cooperation and support of the teachers, who ensured discipline, safety and smooth coordination at both venues. The enthusiastic participation of the students and the positive response of everyone present made the Raas Garba a memorable and enjoyable event.

The programme concluded with appreciation for the students for their active participation and cheerful spirit, leaving everyone with happy memories of the festive celebration.
